The GSMA maintains a unique system known as the International Mobile Equipment Identity Database (IMEI Db), which is a global central database containing basic information on the serial number (IMEI) ranges of millions of mobile devices (e.g. mobile phones, laptop data cards, etc.) in use across the globe.
The IMEI is a 15-digit number that is used to identify a device on a mobile network. The mobile industry uses these identifiers to improve operations and deter theft and counterfeit. The GSMA provides access to the IMEI Db to 3GPP network operators, device manufacturers and qualified industry parties. If you require access to this database, please register via the appropriate category below.

LOGIN
BRAND OWNER / MANUFACTURER
The brand owner is required to register with the GSMA before submitting an application for a Type Allocation Code.
MOBILE NETWORK OPERATOR (MNO)
3GPP Mobile Network Operators are provided special access to the IMEI Db. To obtain a login, you must first register your company with the GSMA.
OTHER
Law enforcement and regulatory agencies, equipment recyclers, repair companies, device insurance agencies and all other industry affiliates are allowed limited access to the IMEI Db. Please apply here.

Navigate to the Buy TAC page, and fill out the details requested

Purchase Quantity

Refer to the TAC Rules training module. You only need 1 TAC per model

PO Number*

If you have a PO number, input it here for future reference

Choose between the one-off or subscription based pricing plans

Standard Fee Plan

The standard fee is US**$425** per TAC.

There is an annual cap of US**$80,000**, so if your company reaches this level within a 12 month period, TAC allocated for the remainder of the year is free of charge.

Subscription Plan

This enables unmetered TAC consumption for a fixed annual fee US**$60,000**.
It eliminates repetitive ordering and payment administration and makes TAC immediately available.

GSMA members get a 10% discount

TAC fee options	GSMA Members		Non GSMA Members	
	Fee per TAC	Annual Fee Cap	Fee per TAC	Annual Fee Cap
Standard Fee Plan	$382	$72,000	$425	$80,000
Subscription Plan	Annual Fee (paid in advance) $54,000		Annual Fee (paid in advance) $60,000	

You can either pay online or offline

Pay Online

You can use a **company credit card to make payment**

Pay Offline

The system will generate an **invoice with details** to do a wire transfer.

You will need to wait until payment is complete before being able to **request TAC**

Only once payment has been received, you will be able to fill out the TAC Application Request Form

Your payment Reference

Invoice Number
TAC201701282

Amount Paid
400,00

Transaction Reference Number
5-9-2708608

Your payment is successful. A copy of the invoice has been sent to your registered email id.

This document is part three of six TAC training modules
